Dear Gregg,

It is my immense pleasure to recommend Roseen Builders. OC Smile has been a success since we opened both offices last year. Our clients frequently tell us how impressed they are with the appearance of our facilities and we are positive this has contributed to our success and the satisfaction of our patients.

Your efforts to complete the construction of both our offices in Mission Viejo and Fullerton in the same year and in a timely manner were greatly appreciated. You also showed expertise in the quality and design of each office. Every little detail makes our offices truly unique and is a tribute to the craftsmanship of Roseen Builders.

Thank you for the wonderful work you did. As we expand our company, we would love to work with you again. Please feel free to use us as a referral.

Sincerely,

Pooneh Sabo, D.D.S.
